**TITLE 15
LUMMI NATION CODE OF LAWS
LAND USE, DEVELOPMENT AND ZONING CODE**

Chapter 15.01 Purpose

15.01.010 Purpose

The use and development of the lands within the external boundaries of the Lummi Reservation and on lands held in trust for the Lummi Nation by the United States regardless of location directly affect the health, safety and general well being of its residents and the political and economic integrity of the Lummi Nation.

The Lummi Indian Business Council (LIBC) recognizes the need for implementation of a comprehensive zoning and development code to ensure orderly growth and protection of the political, economic, social, cultural, and physical integrity of the Nation. This Title provides controls for land use, development, and zoning for all lands within the exterior boundaries of the Lummi Reservation and to all lands held in trust for the Lummi Nation by the United States regardless of location in order to: Promote the health, safety, and general well being of all residents of the Lummi Nation and the political and economic integrity of the Lummi Nation, and to promote harmony between the many interests on the Reservation; Promote consistency with the goals and policies of the Lummi Comprehensive Land Use Plan, provide clear development standards, establish a desirable pattern of land use, encourage functional and aesthetically compatible grouping of uses, and plan for the present and future use of land for living, commerce, industry, agriculture, resource extraction, and recreation; Ensure an adequate supply of land to support community facilities, roads, and utilities; Ensure proper management and preservation of natural resources, including forests, soils, tidelands, waters, and wildlife and ensuring the highest standards of environmental protection by promoting beneficial uses of land and natural resources; Minimize harmful effects of unmanaged development; Protect areas of archeological and cultural significance; and

Ensure that no proposed development with the potential to cause significant impacts to the environment will be permitted before completion of a comprehensive review, in which alternatives to the project and mitigation measures have been considered.

15.01.020 Compliance with Building Code

Uses authorized by this Title or permits issued hereunder must also comply with Title 22 (Building Code) of the Lummi Code of Laws.

Chapter 15.02 Definitions

15.02.010 Generally

The following rules of interpretation and construction shall apply throughout this Title: Words used in the present tense include the future and vice versa; Words in the singular number include a plural condition and vice versa; “Shall” is mandatory and not discretionary; “May” is permissive and discretionary; gender references are interchangeable; and “Day” shall refer to calendar days unless otherwise specified.

15.02.020 Definitions

As used in this Title:

- (a) “Accessory Use” means a subordinate land use supporting a primary permitted use located on the same parcel.
- (b) “Acre” means a unit of measurement for land area equal to 43,560 square feet (originally measured 165 feet X 264 feet).
- (c) “Addition” means any construction or development increasing the size of a building or facility in area, size, mass, or gross floor area.
- (d) “Adult Business” means a land use involving the sales, distribution, or display of goods, services, or any other activities that involve any exhibit, reference, or allusion to sexual, pornographic, or other adult themes, whether for profit or free. The definition

includes sales or rental of audio or visual media and massage establishments, excepting the uses listed below, and includes all uses providing live adult entertainment, tattooing or body alterations, and any other activities where nudity, anatomically explicit demonstrations or sex-related activities occur. "Adult" means those persons 18 years of age or older. Exceptions include uses providing professional, licensed massage therapy; or providing medically approved services; or commercial retail land uses that limit the stock and trade of adult print and video media or adult-oriented goods to less than five (5) square feet of sales floor area, or less than 5% of total sales floor area, whichever is smaller, provided that this portion of the sales area is not generally accessible to the public, and further provided that if the merchandise on display in this area depicts any nudity or sex-related activities, the merchandise shall be screened in such a manner as to prevent its viewing by the general public.

(e) "Agricultural Business" means a primary commercial use serving the needs of area farmers.

(f) "Applicant" means the person or entity requesting, on forms provided by the Planning Department, approval of a lease, permit, license, certificate, or other entitlement for land use.

(g) "Application" means the form and information submitted by an applicant, used to determine either approval or denial of permits or other entitlement for use.

(h) "Approval" means the issuance of a lease, permit, license, certificate or other entitlement for an application accepted as complete.

(i) "Aquaculture" means the farming, handling, harvesting, or culture of food fish, shellfish, or other aquatic plants or animals in fresh or saltwater, and includes development of hatcheries, rearing pens, shellfish rafts, and natural rearing and spawning areas.

(j) "Building" means any structure used or intended for supporting, sheltering, or enclosing any use or occupancy, except mobile homes are not included.

(k) "Campground" means a commercial land use providing temporary transient lodging accommodations for recreational users.

(l) "Code Enforcement Officer" means the Lummi Nation's code enforcement officer(s) or any other person or persons assigned or directed by the planning director or his or her designee to enforce the regulations subject to the enforcement and penalty provisions of this chapter.

(m) "Commission" and "Planning Commission" mean the Planning Commission of the Lummi Nation.

(n) "Community Facility" means a public facility owned and used by the Lummi Nation for the general purposes of the Nation.

(o) "Comprehensive Land Use Plan" and "Comprehensive Plan" mean an integrated policy planning document designed to guide land use development decisions, based on consideration of land use alternatives, likely impacts, and potential mitigation. It defines the overall goals and objectives of land use and development in a series of policy statements, reflecting community values.

(p) "Conditional Use" means a use not permitted outright by this Title, and permitted only after public review and approval by the Planning Department, and to which special conditions of approval may be attached.

(q) "Cultural Resource" in the traditional view of the Lummi includes, but is not limited to, four major category types: language, including traditional named places and oral history or tradition; traditional cultural properties; historic sites; and archaeological resources.

(r) "Cultural Resources Management Program" means the Lummi Nation Cultural Resource Management Program which consists of three components that perform the following functions: (1) Sche'lang'en Department (Cultural Identity); (2) Historic Preservation Office (Regulatory Compliance); and (3) Cultural Contract Services Department (Archaeology consultants).

(s) "Design" means the location, size, alignment, configuration, grade, and the construction details of: roadways, streets,

easements, and rights-of-way, utilities and drainage facilities, and other specifics of the proposed development plan necessary to ensure conformity of the Comprehensive Plan and this Title.

(t) “Detached Housing” means a single-family dwelling unit not attached to any other structure.

(u) “Department” and “Planning Department” mean the Planning Department of the Lummi Nation.

(v) “Development” means any activity requiring federal and/or tribal approval for use, alteration, or activity on land or land resources.

(w) “Director” and “Planning Director” mean the Director of the Planning Department of the Lummi Nation.

(x) “Duplex Residence” means a detached building containing two single-family dwelling units.

(y) “Dwelling Unit” means a structure or part of a structure or modular manufactured housing, constructed or installed on a permanent foundation, and used by one family for human habitation, including facilities for cooking, eating, sleeping, toilet and bathing. Does not include tents, recreational vehicles, or travel trailers.

(z) “Feed Lot” means a confined space used as part of an intensive animal or poultry feeding operation, using outdoor or indoor enclosures to feed forage products not grown or stored in the confined space to animals.

(aa) “Finding of Non-Significant Impacts” and “FONSI” mean a determination that the impacts to the environment, identified in an environmental assessment of a particular development project, are insignificant.

(bb) “Fishery” means the collection of all fish and shellfish commonly originating or harvested either commercially or for sport from Puget Sound and its freshwater tributaries, together with the habitat in which they thrive.

(cc) “Fish Hatchery” means a complex of constructed ponds, basins, channels, weirs, water treatment and delivery systems,

laboratories, and accessory uses designed to raise fish from spawning to release or sale.

(dd) “Food Processing” means an industrial land use to cultivate, harvest, sort, store, wash, trim, package, or ship food products for sale.

(ee) “Foundation” means a construction made of masonry, concrete, treated wood, or other material, supporting the structure of a building on the ground surface and conforming to the requirements of the uniform Building Code and Development Code of the Lummi Nation.

(ff) “Gravel Mine” means a land use providing mineral construction materials important to the Lummi Nation.

(gg) “Groundwater” means the water existing beneath the earth’s surface, including that beneath streams and surface water features of the effective area.

(hh) “Home Occupation” means a small, commercial or service business operating on the same residential parcel where the operator lives. Synonymous with Cottage industry, home occupations are permitted so long as the scale and intensity of activity is compatible with the surrounding uses and the off-site impacts of the use are comparable to those generated by residential uses.

(ii) “Industrial” means a use providing land for development of a broad range of business activities characterized by massive and intensive capitalization of resources and conduct of operations to produce or transform materials for sale. Industrial land uses are categorized by the degree of adverse impact to the natural and socio-economic environment or by creation of hazardous or commonly recognized offensive conditions. “Light industrial” includes component manufacturing, transformation, and assembly land uses, with few to no permanent unmitigated impacts to the natural environment and using light-impact processes and materials. Light industry operations provide socio-economic impacts that are easily absorbed and dealt with by the community. “Heavy industrial” means a primary manufacturing and production land use with unavoidable adverse impacts to the environment and the socio-economic fabric of the region. Despite compliance with

performance standards, heavy industries may pollute the air, ground and water; may produce hazardous or nuisance conditions; or may significantly affect the transportation system, infrastructure, and the general social or economic well-being of the community.

(jj) “Legal Description” means a method of geographically identifying a parcel, acceptable in courts of law.

(kk) “Lot” means any parcel of real property approved by a record of survey, plat, parcel map, or subdivision.

(ll) “Lot Line” means the line bounding and defining the dimensions and area of a real property division. The front lot line parallels the roadway serving the lot. Also called the parcel line.

(mm) “Lot Line Adjustment” means a minor shift of an existing lot line. It is not a subdivision of property.

(nn) “Marina” means a facility providing wet moorage and/or dry storage for pleasure and commercial fishing boats and related equipment, commercial businesses selling boating-related products and services, and/or launching facilities and covered moorage. Marinas may be public or restricted to private use. Marine moorage, outdoor boat storage, and marine retail land uses are included.

(oo) “Medical Service” means a land use providing public health care including consultation, diagnosis, lab analyses, therapy, and treatment by doctors and dentists; and facilities, including clinics, treatment centers, hospitals, and other facilities for healing.

(pp) “Minimum Lot Size” means the smallest allowable portion of a parcel determined to be usable for the proposed construction of facilities, according to applicable development standards.

(qq) “Mitigation” means the process deemed necessary to lessen potential identified impacts of land use development and/or proposed actions on the environment.

(rr) “Motel” or “Hotel” means a commercial land use providing temporary lodging facilities for rent by visitors on a temporary basis, including individual sleeping, bathroom, and parking; and may

include cooking facilities. The term includes attached or detached facilities, but not campgrounds.

(ss) “Multi-Family Dwelling” means a single building containing two or more attached residential units.

(tt) “Nuisance” means a use of property that interferes with the use of other property and rights of other property owners by causing damage, annoyance, or inconvenience.

(uu) “Open Space” means any parcel or area of land or water not occupied by structures, hard surfacing, or other impervious surfaces (except pedestrian /bicycle paths) and which is set aside, designated, dedicated, or reserved for active or passive recreation, visual enjoyment, or critical area buffering. Tidelands are not open space. Open space may be for either public or private use, or for the common use by the occupants of the development which includes the open space.

(vv) “Outdoor Storage” means a land use providing long-term storage of vehicles and equipment.

(ww) “Performance Standard” means a criterion regulating nuisance effects which a land use or activity shall not exceed.

(xx) “Permit” means a written permission issued by a government official authorizing the permittee to do that which is not illegal, but which is also not allowed without such authority.

(yy) “Pre-Application Conference” means an optional procedure wherein the applicant and TRC staff meet prior to the submittal of a development application. The purpose is to review the preliminary information for completeness and adequacy, consult with the TRC about the intent, standards, and provisions of any applicable regulations, and identify as many problems and opportunities as early as possible.

(zz) “Professional Office” means a commercial land use providing space for professional or consulting services in law, architecture, engineering, finance, or any other service profession.

(aaa) “Public Facility” means a non-commercial use established for the benefit of the community in which it is located.

(bbb) “Restaurant” means a commercial land use providing space for on-premises preparation, consumption, retail sales, and service of food and beverages, which may or may not include sale of alcohol.

(ccc) “Retail Food Business” means a commercial land use providing space for sale of food and beverages, for off-premises consumption, which may or may not include sale of alcohol.

(ddd) “Retail Sales Business” means a commercial land use providing space for purchase, stock, display, and sale of a wide variety of products.

(eee) “Right-of-Way” means a parcel acquired by dedication or condemnation and intended to be occupied or occupied by a road, street, utility line, or other similar linear uses.

(fff) “Single Family Residence” means a residential unit permanently installed and served by infrastructure.

(ggg) “Subdivision” means any improved or vacant land divided into two or more legal parcels for future development, lease, or sale. A major subdivision is one creating five or more parcels, while a minor subdivision or short plat is limited to a subdivision totaling four or fewer parcels.

(hhh) “Tavern” or “Retail Liquor Sales” mean a commercial land use providing space for on-premises (for taverns) or carry-out (for retail stores) preparation, display, consumption, retail sales, and/or service of beer, wine, and/or liquor; according to the regulations of Title 20 (Liquor Code) of the Lummi Code of Laws.

(iii) “Temporary Use” means a use established for a fixed time with the intent to discontinue the use upon expiration of the time period.

(jjj) “Tideland” means the beach /tide flats area located between upland property and marine water bodies and defined by tidal reference levels; i.e., between ordinary high water mark (OHWM) and extreme low tide.

(kkk) “Tribal Environmental Assessment” and “TEA” mean a preliminary environmental analysis by the Planning Department used to determine whether a proposed action will result in significant environmental impact, requiring a more detailed TEIS.

(lll) “Tribal Environmental Impact Statement” and “TEIS” mean a public document used to analyze and report on the probable significant impacts and effects of development on the surrounding area, to identify alternatives, and to disclose possible ways to reduce or avoid environmental damage.

(mmm) “Tribe” or “Nation” or “Lummi Nation” mean the Lummi Nation, its government, and its enrolled members, as represented by the LIBC.

(nnn) “Warehousing and Storage” means an industrial land use providing land for receiving, handling, storing, and shipping goods or produce, except bulk storage of flammable, explosive, or hazardous materials.

(ooo) “Wholesale Business” means a commercial land use providing space for receiving, storing, and shipping of goods for resale.

(ppp) “Wildlife and Game Management” means a land use providing land for conservation, reclamation, and restoration of fish and wildlife habitats.

(qqq) “Wood Products Culture” means a forestry land use providing land for planning, growth, and management of marketable timber resources.

(rrr) “Wood Products Processing” means a forestry land use providing land for logging operations, including temporary sawmills.

(sss) “Wood Products Thinning” means a forestry land use intended to enhance and increase the amount of marketable timber in a management tract.

Chapter 15.03 Duties and Functions of the Planning Department and Planning Commission and Code Enforcement Officer

15.03.010 Duties and Functions of the Planning Department

The Planning Department, acting through the Planning Director or his designee, is authorized to administer this Title, and to perform such duties and functions as are necessary to fulfill the purposes of this Title, including, but not limited to:

- (1) provide application forms for permits along with any necessary directions and explanations;
- (2) accept completed applications for processing;
- (3) facilitate the review of permit applications by the TRC;
- (4) provide technical support for the Planning Commission in its rulemaking role;
- (5) prepare and regularly update a Land Consolidation Plan, a Comprehensive Land Use Plan, and the Official Zoning Map;
- (6) prepare and submit a budget for completion of its functions under this Title in compliance with Title 28 (Budget and Finance Code) of the Lummi Code of Laws;
- (7) investigate alleged violations of this Title and enforce the provisions of this Title;
- (8) inform and educate the public about planning and zoning issues;
- (9) establish a fee schedule for review and approval by the Planning Commission;
- (10) prepare a map of the culturally sensitive overlay district for approval by the Lummi Sche'leng'en Commission and LIBC as a component of the Official Zoning Map; and
- (11) prepare certifications for the Lummi Tribal Sewer District regarding applicants' status with respect to compliance with LCL §16.04.080.

15.03.020 Duties and Functions of the Planning Commission

The Planning Commission shall:

- (a) adopt such rules and regulations pursuant to LCL §15.03.030 as are necessary for the efficient and effective administration of this Title;
- (b) hear any appeals filed pursuant to LCL §15.13.040;
- (c) review the annual budget with the Planning Director;
- (d) approve proposed fee and fine schedules, the Comprehensive Land Use Plan and any amendments thereto; and
- (e) review and recommend for approval to the LIBC the Official Zoning Map, including a culturally sensitive overlay district, a Land Consolidation Plan, amendments to such Map and Plan, and proposed amendments to this Title.

15.03.020 Code Enforcement Officer

The Planning Department shall designate one or more individuals as Code Enforcement Officers. The Code Enforcement Officer shall have the authority under Title 18 enforce the laws, ordinances, and regulations of the Lummi Nation. Their power shall include:

- (a) The power to investigate any civil violation of the Lummi Code of Laws;
- (b) To issue citations or infractions for violations of this chapter;
- (c) Initiate court actions for violations under this chapter; and
- (d) Order immediate abatement of a nuisance under this chapter.

15.03.040 Promulgation of Regulations

(a) Notice. Before final adoption of a regulation by the Planning Commission, the Planning Director shall post notice of the proposed regulation for public review and comment in at least three public places, inviting written comments and stating a deadline for their submission of not less than thirty (30) calendar days after the posting of notice. The notice shall inform the public where copies of the proposed regulations may be obtained. The Planning Director may, but

is not obligated to, hold a public hearing; in that event, he will announce the time and place at which oral testimony will be heard.

(b) Adoption. After the closure of public notice and comment period, or closure of the public hearing if one is held, the proposed regulations and all comments received shall be presented to the Commission for its review. The Commission may approve, amend, or disapprove of the proposed regulations, or the Commission may direct the Planning Director to prepare revisions to the proposed regulations and/or provide for further public review and comment.

(c) Effective Date. A regulation will become effective upon its approval by resolution of the Planning Commission on the date specified in the resolution. If no date is specified, the effective date shall be the date the resolution is adopted by the Planning Commission.

(d) Available for Inspection. A copy of all regulations will be filed and made available for public inspection at the Planning Department.

(e) Emergency Regulations. If the Planning Director finds that immediate adoption of a regulation is necessary for the protection of the public health, safety, or welfare, and that complying with the notice and comment requirements of this section would threaten the health or the public interest of the Lummi Nation, the Director may adopt immediately a regulation as an emergency regulation. An emergency regulation shall be effective upon the date of its adoption by the Director.

Notice of the emergency regulation may be posted in a public place, but such posting is solely to inform the public of its adoption, and nothing in this Code shall be construed to prevent the implementation of the emergency regulation upon its adoption by the Director in accordance with this section. An emergency regulation shall not remain in effect more than one hundred and eighty (180) calendar days after its adoption.

15.03.050 Applications and Fee Schedule

(a) The Planning Department shall publish and make available to the public informational material sufficient to provide notice as to the

need for permits or applications for various land use and development activities, and to provide notice as to the type of permit or application necessary. The Planning Department is authorized to produce application forms for permits, variances, rezone, or zone district boundary line changes, accept applications for filing, reject applications for incompleteness, and facilitate review of applications by the TRC

(b) The Planning Commission is authorized to adopt a fee schedule for all applications for permits, variances, rezones, or zone district boundary line changes. The adopted fee schedule will provide incentive to submit applications and obtain permits or any other necessary administrative approval from the Planning Department before any land use or development activity has begun. Violations of this Title may result in the imposition of civil fines and penalties in addition to enhanced permit or application fees and requests for administrative action made after any land use or development activity has begun. These fees may be in addition to fees adopted by resolution of the LIBC.

15.03.060 Entry Upon Private Property

Members, employees and agents of the Planning Commission and Planning Department may enter property subject to this Title for purposes of inspections, surveys, and collecting information in the performance of their functions and duties under this Title. Such entries may occur upon any property, provided they do not unreasonably interfere with the use of the property by persons lawfully entitled to its possession.

15.03.070 Comprehensive Land Use Plan

The Planning Department shall prepare a Comprehensive Land Use Plan for all lands within the exterior boundaries of the Lummi Reservation and for all lands held in trust for the Lummi Nation by the United States regardless of location. The Comprehensive Land Use Plan shall be updated and presented to the Planning Commission for approval every five years, or more frequently, as needed.

15.03.080 Land Consolidation Plan

The Planning Department shall prepare a Land Consolidation Plan with the goal of consolidating tribal land holdings and reducing or eliminating undivided fractional interests in trust lands. The Land Consolidation Plan shall be presented to the Planning Commission for recommendation for approval to the LIBC and the Secretary of the Interior pursuant to 25 U.S.C. 2203.

Chapter 15.04 Zone Districts

15.04.010 Official Zoning Map

(a) All lands within the exterior boundaries of the Lummi Reservation and all lands held in trust for the Lummi Nation by the United States regardless of location shall be classified and divided into zone districts as shown on a map or series of maps designated as the Official Lummi Nation Zoning Map.

(b) The Official Lummi Nation Zoning Map, last adopted pursuant to LIBC Resolution #2011-050 on the 19th day of April, 2011, and the various zone districts, together with all explanatory information therein, are hereby adopted as part of this Title and incorporated herein by reference.

(c) The authorized copy of the Official Lummi Nation Zoning Map shall be prepared by and kept in the Planning Department together with the date of adoption and shall be the final authority of the current zoning status.

(d) Except for the acquisition of new property, as described in LCL §15.12.060, any change to zone district boundaries shown in the Official Zoning Map must be amended in accordance with Chapter 15.12 of this Title.

15.04.020 Establishment of Zone Districts

(a) Primary Zone Districts. There are hereby established the following primary zones which are mutually exclusive of each other. All zoned lands will be zoned in one, and only one, of these zone districts:

- (1) Residential Zone [R];
- (2) Commercial Zone [C];

- (3) Light Industrial [I];
- (4) Forestry [F];
- (5) Agriculture [A];
- (6) Open Space [OS];
- (7) Marine [M]; and
- (8) Mixed Uses [Mx].

(b) Overlay Zone Districts. There are hereby established the following overlay districts, one or more of which may overlay a primary zone:

- (i) Shoreline Management;
- (ii) Water Resources Protection; and
- (iii) Culturally Sensitive Area.

15.04.030 Zone District Boundary Interpretation

Where uncertainty exists, zone district boundary interpretation shall be guided by these rules:

- (1) where district boundaries are shown along streets, roads, surface water channels, or parcel lines, the centerlines of these mapped features shall be considered the boundary location;
- (2) where the district boundary is shown to run parallel to a mapped feature, the offset distance shall be scaled and noted; or
- (3) where the district boundary is a topographic variation, the ridge or the toe of the slope is considered the boundary location, except where the district boundary is shown at the saltwater shoreline, it shall be defined according to Title 13 (Tidelands Code), of the Lummi Code of Laws, to be located at the natural vegetation line separating the tidelands and the upland areas.

15.04.040 Residential Zone [R]

The residential zone district provides land for tracts of detached single-family homes with a density range comparable to both suburban and rural residential zones, depending on the type and level of services available and neighboring development. Development will be limited to rural densities, defined as 1-3 dwelling units per acre (DU/ac.), where centralized infrastructure is not provided to

the site. Suburban residential densities, at 5-7 DU/ac., are allowed when centralized water and sewer services are available to the site. With a planned development permit, land within the residential zone district may also be used for multi-unit residential development with densities of 9-12 DU/ac.

(a) Permitted Uses and Accessory Uses in Residential Zone. Subject to design, development and performance standards promulgated by the Planning Commission, permitted and accessory uses include single-family detached and duplex residences, attached or detached multi-family residential developments with fewer than 5 units, home occupations, outdoor and indoor storage, temporary residences, agriculture, and wood products growing operations.

(b) Conditional Uses in Residential Zone. Subject to design, development and performance standards promulgated by the Planning Commission, conditional uses in the residential zone include automotive repair and retail sales facilities related to home occupations, temporary and permanent business retail, office and service facilities, public and private community facilities, educational and government facilities, multi-family attached or detached developments with five (5) or more dwelling units, detached second dwelling units, housing assignments made pursuant to the approved housing assignments policy, temporary residences, and small-scale agricultural and wood-products harvesting operations.

15.04.050 Commercial Zone [C]

The commercial zone district comprises land suitable for commercial and business uses to meet objectives in economic development and provide employment opportunities to improve the economic conditions of tribal members.

(a) Permitted and Accessory Uses in the Commercial Zone. Subject to design, development and performance standards promulgated by the Planning Commission, permitted and accessory uses in the commercial zone include agriculture-related businesses, automotive repair and service businesses, convenience stores, casinos, gas stations, financial institutions, retail food stores, medical offices and clinics, commercial

auto and boat parking lots, commercial recreation facilities, restaurants, temporary and permanent retail stores, professional offices, public / government facilities, motels and hotels, and other retail, business, and service uses to be determined by the Planning Commission and designated by administrative rule.

(b) Conditional Uses in the Commercial Zone. Subject to design, development and performance standards promulgated by the Planning Commission, conditional uses in the commercial zone include auto body, painting and wrecking facilities, warehouses, taverns and liquor stores, wholesale outlets, food processing facilities, fishing services, boat mechanical repair shops, outdoor heavy equipment storage, private and public community and education / research facilities, outdoor recreation, accessory residential use and home occupations, and temporary homes and events facilities.

15.04.060 Light Industrial [I]

The light industrial zone district provides land suitable for low impact industrial uses to meet objectives in economic development and provide employment opportunities to improve the economic conditions of the Lummi Nation and its members.

(a) Permitted and Accessory Uses in the Light Industrial Zone. Subject to design, development and performance standards promulgated by the Planning Commission, permitted and accessory uses in the industrial zone include agriculture-related business, auto body, painting and wrecking facilities, warehouses, wholesale outlets, food processing facilities, manufacturing and assembly facilities, outdoor storage of heavy equipment, power generation, and wood products processing operations.

(b) Conditional Uses in the Light Industrial Zone. Subject to design, development and performance standards promulgated by the Planning Commission, conditional uses in the commercial zone include farming, convenience stores, gas stations, restaurants, retail stores, offices, boat building, repair, and fishing service facilities, public and private

community, education/ research facilities, accessory and temporary residences.

15.04.070 Forestry [F]

The forestry zone district allocates land suitable for the sustained cultivation and production of forest products and provides land for low-density rural residential development, where such mixed uses are consistent with the Comprehensive Plan and Forest Management Plan.

(a) Permitted and Accessory Uses in the Forestry Zone. Subject to design, development and performance standards promulgated by the Planning Commission, permitted and accessory uses in the forestry zone include fish growing facilities, outdoor storage, single family and accessory residences, wildlife and game management, and wood products growing and harvesting.

(b) Conditional Uses in the Forestry Zone. Subject to design, development and performance standards promulgated by the Planning Commission, conditional uses in the forestry zone district include farming and farm businesses, convenience and retail service stores, warehouses, temporary retail facilities, gravel mines, light industrial uses, outdoor heavy equipment storage, private and public community, recreation, and educational facilities, camping and picnic facilities, home occupations, multi-family residential use, temporary roads and sawmills, and commercial logging.

(c) Forest Products Special Use District. Within the forestry zone district, land may be designated as within a forest products special use district, established to preserve valuable and productive forests and timber for sustained, highest yield and to plan development of them to harmoniously combine timber harvest with other land uses. The district includes forested tracts of sufficient size, determined to have well-managed, high-value timber and currently in active commercial forestry management. A land use permit is required for harvesting of forest products from this district, and a conditional use permit is required for any other use.

Criteria for forest products special use district are:

(1) classification by the Lummi Natural Resources Department as containing or being effectively managed for high-value commercial timber production; and

(2) combination of legal parcels totaling at least 10 acres under forest management system(s).

15.04.080 Agriculture [A]

The agriculture zone district recognizes the importance of agriculture and allows the continuation of farming activities by allocating land for them. It also allocates land for accessory and supporting uses to farming, including residential and resource conservation. Uses like restoration and protection of natural resources and residential development are allowed in addition to farming.

(a) Permitted and Accessory Uses in the Agriculture Zone. Subject to design, development and performance standards promulgated by the Planning Commission, permitted and accessory uses in the agriculture zone include primary and accessory farming activities, large scale animal raising, agricultural business uses, accessory residential uses, and wood products growing.

(b) Conditional Uses in the Agriculture Zone. Subject to design, development and performance standards promulgated by the Planning Commission, conditional uses in the agriculture zone include feedlots and manure processing, temporary agricultural retail outlets, gravel mining, fish and food processing facilities, outdoor storage of heavy equipment, home occupations, and resources management.

15.04.090 Open Spaces [OS]

The open space zone district provides land for preservation, conservation and restoration of environmentally and culturally sensitive areas and for low-impact, outdoor recreational uses.

(a) Permitted and Accessory Uses in the Open Space Zone. Subject to design, development and performance standards promulgated by the Planning Commission, permitted and accessory uses in the open space zone district

include wildlife and natural resource management, parks and recreation facilities, culturally significant facilities, and wood products growing activities.

(b) Conditional Uses in the Open Space Zone. Subject to design, development and performance standards promulgated by the Planning Commission, conditional uses in the open space zone district include public facilities, educational / research facilities, and wood products harvesting.

15.04.100 Marine [M]

The marine zone district comprises an area for treaty-reserved and tribally controlled fishing activities, seafood production, and harvest for the benefit of tribal members. All uses remain subject to tribal regulation of harvest and access pursuant to the Lummi Code of Laws.

(a) Permitted and Accessory Uses in the Marine Zone. Subject to design, development and performance standards promulgated by the Planning Commission, permitted and accessory uses in the tribal fishing zone district include marine wildlife and game management, resource conservation and restoration activities, all types of subsistence seafood production, commercial fishing, and Tribal access of tidelands, off-shore and inland waters for recreation.

15.04.110 Mixed Uses [Mx]

The mixed-use zone district is intended for important community centers where planned multiple uses are allowed and desirable. Any proposed use allowed in the immediately adjacent zone districts is allowed in the mixed use zone district with a conditional use permit.

15.04.120 Shoreline Management Overlay District

The shoreline management overlay district extends inland 200 feet from the natural upland vegetation line on the ocean shore. Impacts to marine life, tidal and wave action, fishing, aqua-culture, Tribal ownership interests, natural shoreline characteristics, shoreline development and construction, and visual quality shall be mitigated before development within this overlay district will be permitted.

Land use development within the shoreline overlay is restricted, compared to the permitted uses in the underlying land use zone. Land use and development activities require a conditional use permit in the overlay area, including construction of bulkheads, seawalls, and any other shoreline alterations.

The Planning Commission is authorized to issue design, development and performance standards consistent with the Lummi Coastal Zone Management Plan to govern land use and development activities in this overlay district. The Lummi Coastal Zone Management Plan shall be prepared by the Lummi Natural Resources Department and reviewed periodically by that Department and updated as needed.

15.04.130 Water Resource Protection Overlay District

Pursuant to Title 17 (Water Resource Protection Code) of the Lummi Code of Laws, activities in areas surrounding streams, wetlands, and potable water sources, and runoff into water sources are regulated to protect the Reservation's water resources. Permits issued under this Title shall comply with requirements of Title 17.

15.04.140 Culturally Sensitive Area Overlay District

The culturally sensitive area overlay district includes lands with a high probability of containing culturally sensitive sites. A map outlining the culturally sensitive area overlay district shall be prepared by the Planning Department, based on existing published information of cultural sites and historic uses. The map will not identify the location of any site specifically, but will instead define an area in which there is a high probability of finding sites of cultural significance. For proposed development or land use activities within this overlay district, an applicant will be required to conduct an appropriate cultural resources survey before an application is accepted as complete by the Planning Department. The Lummi Cultural Resources Management Program shall provide informational material for distribution by the Planning Department to applicants to inform applicants of any requirements for the performance of an appropriate cultural

resources survey and the subsequent procedural requirements if a survey reveals the site is of cultural significance. The Lummi Cultural Resources Management Program shall participate in the TRC review of all applications for proposed developments or land use activities in the culturally sensitive area overlay district.

Chapter 15.05 Classification of Uses

15.05.010 Classification of Uses

A given land use may be one that is permitted, conditionally permitted, or disallowed—depending on the zone district and the nature of the project.

15.05.020 Permitted Uses

Permitted uses are allowed in a given zone district, subject to development, design and performance standards adopted and issued by the Planning Department.

15.05.030 Accessory Uses

Accessory uses are allowed land uses, subject to land use and building permit procedures, and, where applicable, conditional use approval. Common examples of accessory uses are garages, storage sheds, and outbuildings. Where permissible, an accessory use is:

- (1) located on the same parcel as, and supporting or serving a primary use;
- (2) a developed area requiring less than 50% of the lot; and
- (3) permitted with or supplemental to the primary use.

15.05.040 Conditional Uses

Conditional uses are allowed only after review and grant of a conditional use permit to ensure compatibility with permitted uses and existing development. Conditional use permit applications may be approved subject to performance, design and mitigation criteria. Review and application of limiting criteria are to ensure:

- (1) comprehensive plan and zoning compliance;

(2) compatibility with development in the vicinity;

(3) no hazardous or disturbing activities or impacts to public health and well being from operation of the proposed use, or traffic generated by it;

(4) adequate service of facilities and utilities; and

(5) no natural, environmental or cultural resources loss.

15.05.050 Temporary Uses

Temporary uses are specific activities and uses allowed for relatively short times at definite locations. The permit application and review procedure is the same as for conditional use permits, except that the application and the permit shall identify the time period during which the activity is permitted.

15.05.060 Non-Conforming Uses

Non-conforming uses are those uses of land or structures and related activities legally established and existing on the effective date of this Title which do not conform to one or more provisions or standards in the Title, or are not permissible uses within the relevant zone district. Non-conforming uses may continue, subject to the following limitations. The intent of this section is to identify and retire non-conforming uses by regulating their existence and re-establishment as follows:

(1) if the property used for a non-conforming use lies vacant, under construction, or the use otherwise ceases for a period of six months or longer, the use may not be re-established without conforming to this Title;

(2) expansion of non-conforming uses in the physical size or the intensity of use is not allowed unless all of the non-conforming provisions are corrected and approved by the Planning Department;

(3) if the property used for a non-conforming use or portion thereof is catastrophically destroyed, reconstruction for purposes of continuing the non-conforming use shall not be allowed beyond the foundation footprint and roof

area of the original structure. Such reconstruction may only be allowed if the new structure and uses are found by the Planning Director to be a substantial improvement in overall conformity to this Title; and

(4) voluntary or lawfully required destruction of non-conforming uses shall not be restored except in full conformity with all applicable codes. Repair, alteration, and rehabilitation of non-conforming uses shall be allowed with an approved conditional use permit and building permit. For properties that are non-conforming because they are smaller than the minimum lot size for the relevant zone district, lots of record shall be created, on the date of enactment of this Title from contiguous parcels under common ownership, if at least one of them is substandard, to form the minimum lot size or dimensional requirements of the zone district.

15.05.070 Prohibited Uses

The following uses are prohibited in all zone districts unless specifically approved by the LIBC:

- (1) mining, except for sand and gravel extraction;
- (2) sanitary landfills;
- (3) adult-oriented businesses, including but not limited to retail, service or entertainment facilities that regularly offer live nude or topless entertainment or photographic or electronic depictions of sexual acts; and
- (4) heavy industry.

Chapter 15.06 Permits

15.06.010 Permits Required

(a) Unless exempted as a minor project pursuant to LCL §15.06.020, a permit is required for all land use and development activities on all the lands within the exterior boundaries of the Lummi Reservation and all lands held in trust for the Lummi Nation by the United States regardless of location.

Permits which may be required include, but are not limited to:

- (1) land use permit,
- (2) building permit,
- (3) conditional use permit,
- (4) temporary use permit,
- (5) planned development permit, and
- (6) major or minor subdivision permit,

(b) The permit requirement applies to all persons and agencies proposing any land use activity or development, including the LIBC or any Department thereof and its enterprises, tribally owned corporations, and political subdivisions, and any owner or lessee of property on the lands within the exterior boundaries of the Lummi Reservation or the lands held in trust for the Lummi Nation by the United States regardless of location.

15.06.020 Minor Projects Exempt From Permit Requirement

The Planning Commission shall identify minor projects determined to be of such insignificant impact that no permit is required adopt regulations exempting such minor projects from the permit requirements.

15.06.030 Owner's Permission Required

Each permit application shall require written permission of the property owner for the proposed land use and development activity. No land use or development activity shall occur without the owner's permission. For properties with multiple owners, the table in Appendix A indicates the portion of ownership interest necessary for permit applications.

15.06.040 Permit Application Process

(a) Submittal of Application. Permit applications shall be submitted to the Planning Department upon forms designed and provided by the Department. All applications must include all required plans, drawings, maps, environmental and cultural checklists or other documentation and proof of payment of all required fees.

(b) Environmental and Cultural Checklist. Each permit application must include an environmental and cultural checklist providing such information as the Planning Commission may by rule require, including the identification, description, context of the proposed project, and the potential environmental or cultural resource impacts posed by the project if permitted.

(c) Pre-Application Conference (optional). Upon the request of the permit applicant, the Planning Department will conduct a pre-application conference, to discuss the project, determine its location, the site conditions and inform the applicant of permit application requirements, including fees, and any additional documentation, maps, and information necessary for the environmental and cultural checklists. Where relevant, the applicant will be informed of the need for verification of water and sewer service, cultural resources survey procedures, certification of ownership interest, design, development and performance standards, and the expected timetable for permit review and issuance of a decision. Such conference will also provide an opportunity for applicants to ask questions and be fully informed as to any application requirements.

(d) Application Review. The Planning Department shall determine whether a permit application is complete pursuant to the Planning Department Development Regulations. Permit applications will not be accepted and further processed until determined to be complete.

(e) Public Notice. Once the Planning Department determines that a permit application is complete, the Planning Department, shall post the permit application for public notice and comment pursuant to LCL §15.06.050.

(f) TRC Review. TRC shall review all complete applications.

(g) Final Decision by Planning Director. The Planning Director shall issue final decisions on the issuance of permit applications pursuant to LCL §15.06.070.

15.06.050 Public Notice of Permit Applications

(a) Public notice and opportunity to comment shall be required for all permit applications submitted and accepted as complete by the Planning Department. By the close of the next business day after a permit application is accepted as complete, the Planning Department shall provide all of the following notices:

- (1) post a public notice, no less than 11 inches by 17 inches in size, on the subject property in prominent view from the primary road frontage on the right-of-way property line;
- (2) cause a public notice to be published in a newspaper of general circulation within this jurisdiction, including the Squol Quol newspaper;
- (3) post a public notice on the Planning Department website or other LIBC governmental website; and
- (4) post a public notice in a conspicuous location of the LIBC Administration Building lobby area and may post public notices in other public areas throughout the Lummi Reservation.

(b) All public notices required under this section shall:

- (1) describe the proposed project including the location, description, and type of permit(s) required;
- (2) contain instructions and information for persons wishing to inquire, submit comments, and/or formally support or oppose the proposal and where to obtain additional information about the proposed project or view the complete application;
- (3) be posted for at least fifteen (15) calendar days prior to the TRC review, permit issuance or public hearing; and
- (4) notify the public of the deadline to submit written comments, including instructions on how, where, and to whom comments should be submitted, and that submission of a written comment is a prerequisite to the right to file any appeal pursuant to this Title.

(c) A list of all permits issued by type and date, shall be posted at the Planning Department and in the lobby of the LIBC Administration Building. The list of permits issued shall include the type of land use proposed, the date issued and the general location of the property.

15.06.060 Technical Review Committee Review Required

The Planning Department shall forward all complete applications and public comments to the TRC to complete the review required in Chapter 15.07 of this Title. The Planning Direction shall take no issue to issue or deny a permit until the TRC has had opportunity consider the permit application and all facts relative to the permit application.

15.06.070 Decisions on Permit Applications

(a) The Planning Director, after consideration of the TRC findings and recommendations, shall issue written decisions on all permit applications. The Director may:

- (1) issue a permit to any applicant whose proposed activities and uses meet the requirements of this Title;
- (2) deny any permit application that does not meet the requirements of this Title;
- (3) issue a permit on certain conditions as authorized pursuant to this Title; or
- (4) grant a variance as authorized pursuant to this Title.

(b) If sixty (60) calendar days or more have elapsed since the Planning Department has determined that the application is complete and the TRC has failed to submit a recommendation to the Planning Director for consideration pursuant to subsection (a) above, the Planning Director shall find that the TRC approves the application without objection, and shall issue a permit to any applicant whose proposed activities and uses meet the requirements of this Title, and reject any permit application that does not meet such requirements, or issue a permit on certain conditions as authorized pursuant to this Title.

Chapter 15.07 Technical Review Committee

15.07.001 General Provisions

- (a) "TEA" means the Tribal Environmental Assessment.
- (b) "TEIS" means the Tribal Environmental Impact Statement.
- (c) "TRC" means the Lummi Technical Review Committee.

15.07.010 Technical Review Committee Established

The Technical Review Committee (TRC) is hereby established to implement land use permit policies and procedures that facilitate judicious stewardship and informed decision-making relating to development of land and natural resources on all lands within the exterior boundaries of the Lummi Reservation and all lands held in trust for the Lummi Nation by the United States regardless of location.

15.07.020 Purpose and Authority

The TRC is responsible for environmental and cultural resource impacts review of all permit applications made under this Title. The TRC is authorized to make recommendations to the Planning Department following review of all permit applications, balancing the current values and economic prosperity of the Lummi Nation with the safety, health, and well-being of all residents. The TRC is authorized to recommend approval, denial, conditions of approval, and impact mitigation for any given permit application, and is responsible for timely review of complete applications and the forwarding of its recommendations to the Planning Department.

15.07.030 TRC Review Criteria

The TRC shall review complete permit applications for compliance with the Lummi Code of Laws, protection of the Nation's resources and cultural values, and implementation of the Nation's policies. The TRC shall also review permit applications for compliance with federal laws that can affect land use activities on the lands within the exterior boundaries of the Lummi Reservation

and the lands held in trust for the Lummi Nation by the United States regardless of location, including, but not limited to:

- (1) Archeological Resource Protection Act;
- (2) National Historic Preservation Act;
- (3) Federal Water Pollution Control Act (Clean Water Act);
- (4) Rivers and Harbors Act;
- (5) Resource Conservation and Recovery Act;
- (6) Safe Drinking Water Act;
- (7) Clean Air Act;
- (8) Endangered Species Act;
- (9) National Environmental Policy Act; and
- (10) Coastal Zone Management Act.

Failure of the TRC, Planning Department, or Planning Commission to identify a potential or actual violation of one or more of these codes or statutes does not exempt an applicant or owner from any duty to comply with these codes or statutes.

15.07.040 Composition of TRC

The TRC shall be composed of qualified technical staff representatives appointed by the following LIBC Directors:

- (1) Planning Department, for land use development standards and zoning;
- (2) Realty Department, for land ownership, tenure, and real estate title issues;
- (3) Cultural Resources Department, for the protection of Tribal interests in cultural, historical resources;
- (4) Natural Resources Department, for the protection of land, air, water, and living resources;
- (5) Water and Sewer Districts, to verify service and supply;
- (6) Public Works Department, to establish civil engineering standards and provide advice on transportation (rights-of-way) issues; and

(7) Other LIBC divisions or departments, including LIBC, shall be included in the agenda distribution list and may participate in the review of projects of interest, at their discretion.

15.07.050 TRC Chairperson; Duties

The TRC Chairperson shall be the Planning Director, or his delegate, and is responsible for:

- (1) setting and distributing the weekly TRC agenda;
- (2) forwarding all complete permit applications to the TRC for review; and
- (3) transmitting the recommendation of the TRC to the Planning Department.

15.07.060 Use of CEQ Regulations

With the exception of the regulations relating to public comment and responses, the federal regulations issued by the LIBC on Environmental Quality (CEQ) relating to the contents of environmental assessments and environmental impact statements (40 CFR part 1500 et seq., as amended from time to time) shall be used by the TRC and the Planning Department as guidelines for administering this Title, to the extent that the regulations do not conflict with any provision of this Title or any regulations adopted by the Planning Commission.

15.07.070 TRC Review Process

(a) TRC Review of Application. The TRC will review each complete permit application, supporting information, and any departmental or public comments at a meeting not more than ten (10) business days following the public notice and comment deadline set forth in LCL §15.06.050.

(b) TEA Determination. Following the first TRC review, the TRC must determine whether a TEA is required pursuant LCL §15.07.080.

(c) TEA Preparation and Submittal (if required). If a TEA is required, the Planning Department shall notify the applicant and the review process will be suspended until the TEA is received. An applicant may choose to prepare and submit a Draft TEA with the initial application.

(d) Public Notice of TEA. Once a complete TEA is received, the Planning Department shall post notice of the TEA pursuant to the public notice procedures in LCL §15.06.050.

(e) TRC Review of TEA. The Planning Department shall forward the TEA and any departmental or public comments to the TRC for recommendation to the Planning Director as to whether a TEIS should be required pursuant to LCL §15.07.090.

(f) TEIS Preparation and Submittal (if required). If a TEIS is required, the Planning Department shall notify the applicant and the review process shall be suspended until a complete TEIS is received.

(g) Public Notice of TEIS. The Planning Department shall post notice of the Draft TEIS pursuant to the public notice procedures in LCL §15.06.050.

(h) TRC Review of TEIS. The Planning Department shall forward the TEIS and any departmental or public comments to the TRC for review pursuant to LCL §15.07.100.

(i) TRC Permit Recommendation. If no TEIS is required or after the TEIS is completed, the TRC will make a recommendation to the Planning Director on whether to approve the permit application.

15.07.080 TEA Requirement Determination

(a) A TEA will be required unless the TRC finds:

(1) that the environmental or cultural resource impacts of the proposal have been adequately addressed in an earlier TEA or TEIS, in which case, the earlier document will be submitted as part of the application; or

(2) the proposed activity or project is included within a category of development excluded by Planning Commission rule from the requirement to prepare a TEA. Such categorical exclusions may be identified by type of activity, location, or other relevant factor used in determining that no environmental or cultural resource review will be required.

(b) If a TEA is not required, the TRC shall issue its recommendation on the application to the Planning Director within five (5) business days or shall recommend that the Planning Director issue a continuance of the process which cannot exceed sixty (60) calendar days after the Planning Department has determined that the application is complete. The TRC may recommend that the application be denied or issued, issued conditioned on limitations as to size, density, location, operating conditions, or any other mitigation requirements or conditions necessary to avoid significant impacts to the environment, cultural resources, or violation of applicable laws.

(c) If the TRC fails to make a timely recommendation to the Planning Director no later than sixty (60) calendar days after the Planning Department determines that the application is complete, the Planning Director shall find that the TRC approves the project set forth in the application without objection.

15.07.090 TEIS Requirement Determination

(a) The TRC shall review the TEA, public comments, and the application at a meeting no more than fifteen (15) business days following the public notice and comment deadline for the TEA set forth in LCL §15.06.050(b).

(b) The TRC may require additional analyses, information or consultation to be included in the TEA, and will request in writing the additional information from the applicant.

(c) Within five (5) business days after the meeting at which an application and TEA have been reviewed, the TRC shall issue a recommended finding to the Planning Director that the TEA:

(1) identifies potential significant impacts to the environment and/or cultural resources requiring the preparation of TEIS; or

(2) supports a finding of no significant impact to the environmental and/or cultural resources and a TEIS is not required.

(d) The Planning Director, after consideration of the TRC's recommended findings, shall issue a written decision to the applicant on whether the applicant shall be required to

complete a TEIS as part of the permit application.

(e) For applications not requiring a TEIS, the TRC's report shall include its recommendation on the application, including any recommended conditions or mitigation requirements if approval of the permit application is recommended.

15.07.100 Further Review for Applications Requiring a TEIS

(a) The applicant is responsible for preparation of the TEIS. The Planning Department shall provide written guidance for applicants on the requirements for an adequate TEIS. The application review process shall be suspended until the applicant submits a Draft TEIS.

(b) Once the Draft TEIS is filed and determined to be complete by the Planning Department, the Planning Department shall post notice of the Draft TEIS pursuant to the public notice procedures set forth in LCL §15.06.050.

(c) The TRC shall review the Draft TEIS, any departmental or public comments, and the application at a meeting no more than twenty (20) business days following the public notice and comment deadline for the TEIS set forth in LCL §15.06.050(b).

(d) The TRC may require additional information, analyses or consultation to be submitted by the applicant as part of the Final TEIS. Final review of the application by the TRC shall occur at a meeting no later than ten (10) business days following the filing of the Final TEIS by the applicant. The TRC shall make its findings and recommendations on the permit application and forward them to the Planning Director.

(e) The Planning Director shall make a final decision on the issuance of the permit application pursuant to LCL §15.06.070.

Chapter 15.08 Conditional Use Permits

15.08.010 Criteria for Conditional Use Permits

(a) Upon receipt of a conditional use permit application, and after TRC review and recommendations, the Planning Director shall determine whether to issue or deny a permit, or allow the proposed use upon specific conditions. A conditional use permit may be issued only if the Director finds that:

(1) the use is conditionally permitted under the relevant zoning district; and

(2) the application and supporting documentation show the proposed use will:

(A) be in compliance with general policies and specific objectives of the Comprehensive Plan, the Lummi Code of Laws;

(B) not be detrimental to the health, safety, and general well being of the community;

(C) be designed, constructed, maintained, and operated to be harmonious and appropriate to the existing or intended character of the surrounding area, and satisfying the purpose and intent of the zoning district;

(D) not be hazardous; and will not create detrimental nuisance impacts including noise, odor, smoke, fumes, light, glare, electrical interference, heat, or vibration beyond those permitted under Planning Commission regulations;

(E) be adequately serviced by public facilities and utilities, including streets, police and fire protection, stormwater drainage constructions, water and sewer connection, and other services;

(F) not create additional requirements at public cost for facilities and services, nor be detrimental to the economic well being of the Lummi Nation;

(G) be designed to avoid interference with, or excessive burden to traffic patterns in the surrounding neighborhood; and

(H) not result in detrimental impact to environmental or cultural resources.

15.08.020 Contents of Conditional Use Permit

Conditional use permits shall specify the location, nature, scope, and extent of the proposed use, together with the conditions imposed. Minimum requirements of this or any other title of the Lummi Code of Laws or regulations shall not be waived or reduced by requirements of a conditional use permit.

15.08.030 Changes in Non-Conforming Uses

Non-conforming uses may be allowed to expand or increase in intensity by a conditional use permit, consistent with the policies and limitations of LCL §15.05.060.

15.08.040 Expiration of Conditional Use Permits

A conditional use permit shall expire up to twenty-four (24) months after issuance unless construction, operation, or proposed activity has commenced or the original proponent has applied for and the Planning Director has granted up to a twenty-four (24) month extension of the permit.

15.08.050 Re-Submission of Denied Conditional Use Applications

An application for a conditional use permit shall not be re-submitted unless the new application is deemed by the Planning Director to be sufficiently different to constitute a new proposal.

15.08.060 Non-Transferable

A conditional use permit may not be transferred to a new owner or operator by lease, sale or otherwise.

Chapter 15.09 Variances

15.09.010 Purpose

The purpose of a variance is to provide a procedure by which a modification of the standards of this Title may be allowed. The variance must be in compliance with the general purpose and intent of this Title. Variances may not allow non-permitted uses or authorize a permitted use on a lot smaller than the minimum lot size for that use.

15.09.020 Criteria for Granting a Variance

(a) Following review and recommendations by the TRC, the Planning Director may grant a variance if all of the following findings are supported by substantial evidence:

(1) because of special adverse circumstances applicable to the subject property or its intended use, strict application of this Title would create a substantial undue hardship and deprive the property owner of rights and privileges enjoyed by other property in the area under identical land use classification and regulation.

(b) In making such findings set forth in subsection (a), the following conditions shall apply:

(1) special adverse circumstances include irregular shape, unusual topography, difficult location, surroundings, or other atypical physical characteristics;

(2) desires of the applicant for particular aesthetic considerations or design preferences, without reference to physical characteristics, do not constitute sufficient undue hardship;

(3) the special adverse circumstances necessitating a variance are not the result of the applicant's action or failure to act;

(4) granting the variance will not be detrimental to public health or welfare, or to other property and land uses in the area;

(5) the variance is not a grant of special privilege, nor shall a variance be granted for financial reasons alone; and

(6) the property cannot be reasonably used under the existing zoning and development restrictions.

15.09.030 Expiration of an Authorized Variance

A variance shall expire after one year unless construction has been completed or a valid building permit, in conformance with the variance, is still in effect.

Chapter 15.10 Planned Development (PD)

15.10.010 Purpose

The planned development permit process is intended to provide mutual benefit to the general public and the applicant alike by allowing innovative and efficient land use and design, permitting greater flexibility in development requirements than is generally permitted, and requiring a higher standard for the provision of amenities. Planned development permits may be granted in any zone district except open space and are suitable for any residential, commercial or industrial project on property two acres or larger where the proposed use is a permitted, accessory, or conditional use allowed in the relevant zone district. The Planning Commission shall adopt design, development and performance standards for proposals for planned developments.

15.10.020 Criteria to Qualify as a Planned Development

(a) Upon receipt of a planned development permit application, and after TRC review and recommendations, the Planning Director shall determine whether to issue or deny the permit. A planned development permit may be issued only if the Director finds that the proposed planned development attains all of the following criteria as compared to a proposal under any other permit type:

- (1) it is consistent with the goals, objectives, and policies of the Comprehensive Plan;
- (2) there is creation of less harmful effect on the values, health, safety, and general well being of adjacent property, area residents, and the users of nearby land;
- (3) it makes better use of the characteristics, features, resources, and amenities of the site;
- (4) result in lower demands for infrastructure and community services;
- (5) demonstrate fewer unmitigated impacts to the environment;
- (6) increase land use compatibility between the proposed development and surrounding property and uses; and

- (7) minimize adverse impacts to the natural environment and reasonably conserve natural topographic features.

15.10.020 Density Allowance

A density allowance of up to 35% greater than the base density in the underlying zone district may be granted with award of a planned development permit.

Chapter 15.11 Subdivisions

15.11.010 Applicability

This chapter applies to partitions, lot line adjustments, minor subdivisions creating four or fewer lots, and major subdivisions creating five or more lots. A permit issued by the Planning Department is required for any of these activities. The Planning Commission shall promulgate rules governing the process for activities subject to this Chapter and establishing standards for the granting of a subdivision permit. Application shall be made upon a form provided by the Planning Department. Following review by the TRC, the Planning Director may grant or deny a permit application for a subdivision.

Chapter 15.12 Rezoning Property and Amending District Boundary Lines

15.12.010 Purpose

The purpose of this Chapter is to provide procedures to rezone property or amend the Official Zoning Map to change district boundary lines.

15.12.020 Application for Rezone or District Boundary Line Changes

(a) Application to rezone property or amend the Official Zoning Map to change district boundary lines may be initiated only as follows:

- (1) by motion of the LIBC;
 - (2) by motion of the Planning Commission;
- or

(3) by petition of property owners with at least 51% cumulative interest in contiguous parcels, not subject to probate proceeding.

(b) Rezone and district boundary line change applications may be submitted with permit applications for a specific project.

15.12.030 Rezone and District Boundary Line Change Application Process

(a) Submittal of Application. Rezone and district boundary line change applications shall be submitted to the Planning Department upon forms designed and provided by the Department and proof of payment of all required fees.

(b) Public Notice. As soon as practicable after the filing of the application, the Planning Department shall post each rezone or district boundary line change application for public notice and comment pursuant to LCL §15.12.040.

(c) Planning Director Report. After reviewing any comments received, the Planning Director shall make a written recommendation regarding whether to rezone property or change district boundary lines. Such recommendation shall be completed within fifteen (15) days after the public notice period closes.

(d) Planning Commission Recommendation. The Planning Commission shall review the Planning Director's recommendation and all public comments submitted during the public notice period. The Commission shall make a recommendation on the application to the LIBC.

(e) LIBC Final Decision. The LIBC shall consider all public comments received during the public notice period, the Planning Director's Report, and the Planning Commission's recommendation. In accordance with the criteria set forth in LCL §15.12.050, the LIBC will then decide by majority vote whether to grant the rezone or district boundary line change to the Official Zoning Map. However, in the event of a written protest against any application having duly been signed and acknowledged by the lessees, assignees and owners of twenty percent (20%) or more of either of the acres of land included in such proposed change, or by

the lessees, assignees and owners of twenty percent (20%) or more of the land immediately adjacent, extending in a radius of twelve hundred (1,200) feet therefrom, such changes of amendments shall not become effective except by two-thirds (2/3) vote of the LIBC. All rezones and district boundary line changes approved by the LIBC shall be by duly enacted resolution.

(f) Official Zoning Map Changes. If the LIBC duly enacts a resolution approving a rezone or district boundary line changes, such changes shall be reflected on the Official Zoning Map promptly upon approval of the amendment by the LIBC and shall be incorporated into this Title by reference. All amendments to the Official Zoning Map shall be attested to by the Planning Director.

15.12.040 Public Notice for Rezone or District Boundary Line Changes

The Planning Department shall provide public notice and opportunity to comment on each application to rezone property or change district boundary lines. As soon as possible after an application is submitted, the Planning Department shall provide all of the following notices:

(1) post a public notice, no less than 11 inches by 17 inches in size, on the subject property in prominent view from the primary road frontage on the right-of-way property line;

(2) cause a public notice to be published in a newspaper of general circulation within this jurisdiction, including the Squol Quol newspaper;

(3) post a public notice on the Planning Department website or other LIBC governmental website; and

(4) post a public notice in a conspicuous location of the LIBC Administration Building lobby area and may post public notices in other public areas throughout the Lummi Reservation.

(b) All public notices required under this Section shall:

(1) describe the proposed rezone or district boundary change including the location and description;

(2) contain instructions and information for persons wishing to inquire, submit comments, and/or formally support or oppose the proposal and where to obtain additional information about the proposed change or view the complete application;

(3) be posted for at least fifteen (15) calendar days prior to review by the Planning Commission or consideration by the LIBC; and

(4) notify the public of the deadline to submit written comments, including instructions on how, where, and to whom comments should be submitted.

15.12.050 Criteria for Approval of Rezone and District Boundary Line Change Applications

(a) The LIBC may grant a rezone if it makes the following findings supported by substantial evidence:

(1) the zone change would be consistent with the Comprehensive Plan;

(2) the application demonstrates a need for additional land to be allocated for use in the proposed zone; and

(3) the application includes an explanation of how the proposed change will better serve the interests of the Lummi Nation.

(b) A rezone or district boundary line change shall not be approved if it would spot zone, defined as the arbitrary rezoning of land incompatible with surrounding land uses; nor may a zone change substitute for a variance.

(c) Conditions of approval for a zone change application may include covenants and restrictions (C&R) to be recorded on the property's title.

15.12.060 Acquisition of New Property

Any property newly acquired by the Lummi Nation, upon the transfer into federal trust status to be held for the benefit of the Lummi Nation, shall, upon the date that the property is accepted into trust by the United States, be assigned a zone district equivalent to the uses for which the land was zoned immediately prior to the acquisition of such land. The Planning Department shall update the Official Zoning Map accordingly and shall be

incorporated into this Title by reference. Modification to the Official Zoning Map due to newly acquired property by the Lummi Nation shall not be required to proceed through the Official Zoning Map amendment procedure set forth in this Chapter 15.10. However, any change to the zone district assigned at the time of property acquisition shall comply with the procedures set forth in this Chapter 15.10.

Chapter 15.13 Prohibited Acts, Enforcement, Review, and Appeals

15.13.010 Prohibited Acts

It is civilly prohibited for any person to: forcibly, or by bribery, attempted bribery, threat, or other corrupt practice, obstruct or impede the administration of this Title; commit fraud, or knowingly assist another in the commission of fraud, with the intent to evade or defeat the lawful administration of this Title; falsify or make any material misrepresentation in any permit application or other document, or intentionally withhold information required to be submitted under this Title; violate the provisions of this Title, any regulations promulgated hereunder, the conditions or stipulations of permits issued hereunder, or any order of the Planning Director or of the Planning Commission issued hereunder; or engage knowingly in any act that obstructs or otherwise interferes with the performance by Lummi Nation employees of their lawful duties under this Title.

15.13.020 Judicial Enforcement

(a) Lummi Tribal Court Jurisdiction. Except as otherwise provided in this Code, the Lummi Tribal Court shall have exclusive jurisdiction over all matters concerning the administration and enforcement of this Title; provided, however, that nothing in this Title is intended nor shall it be interpreted to preclude prosecution, or enforcement of Lummi Tribal Court judgments in state or federal court pursuant to any applicable state or federal law.

(b) Civil Enforcement and Remedies. The Planning Director is authorized to enforce the provisions of this Title by filing a civil action in the Lummi Tribal Court in the name of the

Lummi Nation against any person engaged in an activity or activities prohibited by this Title or the regulations promulgated hereunder and may recover monetary damages, civil penalties, restitution, injunctive or declaratory relief, affirmative remedial action, court costs, investigatory and enforcement costs, attorney's fees, and/or any other relief that is just and equitable under the circumstances, including but not limited to orders for the person: to perform community service and to become informed about the need for compliance with this Title; to pay a civil penalty not exceeding Five Thousand Dollars (\$5,000) per day for each prohibited act for failing to comply with any order of the Planning Director, the Planning Commission, or the Lummi Tribal Court issued pursuant to this Title; to make restitution to the Lummi Nation and to affected persons for the cost of damages and restoration of property or other resource; or to pay the Lummi Nation any monetary benefit derived from the violation of this Title.

(c) Preliminary or Permanent Injunctions. Upon the filing of a motion for a preliminary or permanent injunction by the Planning Director or any other person designated by the LIBC, or upon its own initiative, the Lummi Tribal Court shall issue a preliminary or permanent injunction on the following grounds:

- (1) when an emergency restraining order has been issued by the Planning Director under this Title, the Director has moved for a preliminary or permanent injunction, and it appears by the pleadings or affidavits on file that the Director is entitled to the relief requested;
- (2) when it appears by the pleadings or affidavits on file that the commission or continuance of some act would produce great or irreparable injury to the public health, safety, or welfare or to the environment;
- (3) when it appears that the person sought to be restrained is doing, threatening or is about to do, or is procuring or suffering to be done, some act in violation of this Title, a federal or Lummi Nation law, regulation, ordinance, order, or permit; or

- (4) in all cases where an injunction would be proper in equity.

The Lummi Tribal Court's rules of civil procedure shall otherwise govern the procedures for issuing preliminary or permanent injunctions.

(d) Exclusion. For good and sufficient cause found, the Lummi Tribal Court may exclude from all the lands within the exterior boundaries of the Lummi Reservation and all lands held in trust for the Lummi Nation by the United States regardless of location, any person who engages in an activity or activities prohibited by this Title or the regulations promulgated hereunder to the extent such exclusion is not inconsistent with applicable federal and Lummi Nation laws.

15.13.030 Non-Judicial Enforcement by the Planning Director

(a) Cease and Desist Orders. If the Planning Director or the Planning Commission has denied, revoked, or suspended a permit under this Title, the Director may issue an order for the person whose permit has been denied, revoked or suspended to cease and desist his unauthorized activities.

The order shall be in writing, describe the unauthorized activity, and advise the person of his right to appeal the Director's decision denying, revoking, or suspending the permit as provided for in this Title and to show cause why the person should not be ordered to cease and desist from the activity.

If the person continues the violation after the Director issues a cease and desist order, the Director may issue an emergency restraining order and/or apply to the Lummi Tribal Court for a temporary restraining order or preliminary injunction.

(b) Emergency Restraining Orders. Upon receiving evidence that a person is engaging in any activity regulated by this Title on any of lands within the exterior boundaries of the Lummi Reservation or on lands held in trust for the Lummi Nation by the United States regardless of location and that activity may endanger or cause damage to the public health, safety, or welfare, Lummi Nation water, or the environment, the Planning Director may issue an emergency restraining

order and/or apply to the Lummi Tribal Court for a temporary restraining order or preliminary injunction.

Every emergency restraining order or preliminary injunction order shall be in writing, endorsed with the date and hour of issuance, and filed with the Planning Commission and Lummi Tribal Court within three (3) days of its issuance and entered on their records, define the injury, and expire within such time as is specified therein, not to exceed ten (10) days, unless within that time the Director requests from the Lummi Tribal Court and is granted a preliminary or permanent injunction.

For good cause shown, the Commission may extend the emergency restraining order until the Lummi Tribal Court issues a ruling on the Director's request for a temporary or permanent injunction.

On at least two (2) days' written notice to the Planning Director, the person whose activities are subject to the emergency restraining order may appeal the Director's action to the Planning Commission and seek the dissolution or modification of the emergency restraining order. In that event, the Commission shall hear the appeal in accordance with the procedures set forth in this Title and as expeditiously as the ends of justice require.

(c) Civil Fines. The system of civil fines for violations of this Title, the regulations promulgated hereunder, and the permits issued hereunder, may be established by Commission, provided, that no fine shall exceed five thousand dollars (\$5,000.00) per day per violation; and provided further, that the imposition of a fine shall constitute a final decision by the Planning Director and be subject to the appeal procedures set forth in this Title. In the absence of an adopted fine schedule, the Planning Director may impose civil fines that shall not exceed five thousand dollars (\$5,000.00) per day per violation.

15.13.040 Appeal to the Planning Commission from a Final Decision of the Planning Director

(a) Notice of Appeal. A person aggrieved by a final decision of the Planning Director ("Appellant") may file a written Notice of

Appeal with the Planning Commission, through the office of the Planning Director, within twenty (20) days of the person's receipt of the Director's decision or within twenty (20) days of publication of the decision, if applicable. For appeals regarding the Director's decision to issue, deny or condition a permit, only aggrieved persons who have submitted a written comment in accordance with LCL §15.06.050, shall be permitted to file an appeal.

Such notice shall identify itself as a Notice of Appeal and state with particularity the basis of the Appellant's claim that an action of the Director is erroneous. The Appellant also shall file a copy of the Notice of Appeal with the Planning Director.

(b) Filing of Materials to Substantiate or Rebut Claim. The Appellant shall, within thirty (30) days from the date of receipt or publication of the Planning Director's decision, file with the Commission, through the Office of the Planning Director, a brief addressing the Appellant's points on appeal and any other materials, information, or evidence relevant to his, her, or its claim.

A copy of the appeal materials shall be served on the Planning Director, who shall have twenty (20) days from service within which to file with the Commission a responsive brief and any materials, information, or evidence supporting his final decision. Appellant shall have ten (10) days from the receipt of the Planning Director's brief and materials to file a reply.

(c) Hearing and Notice. Following the time period for submission of materials provided for in this Section, the Commission shall schedule a hearing and give the Appellant and the Planning Director not less than five (5) days' prior written notice of the hearing.

Where more than one person files an appeal from the same final decision of the Planning Director, the Commission may conduct a single hearing on all appeals, provided that each individual Appellant has the right to appear and participate in full.

(d) Hearing Procedures. At the hearing, the Appellant will be afforded the opportunity to present testimony and evidence and to examine witnesses. Appellants may appear at

the hearing for themselves or, at their own expense, be represented by an attorney, or other person authorized by Appellants. The Planning Director shall have the same right to participate in the hearing as the Appellant.

Hearings shall not be open to the public except upon the request of the Appellant and may be postponed or continued at the discretion of the Commission. All hearing testimony shall be given under oath. The Commission shall conduct the proceedings so that both complaints and defenses are amply and fairly presented.

The Commission shall have the authority to administer oaths, issue subpoenas to compel the attendance and testimony of persons and the production of any books, records, and papers of the Appellant or any other affected person or party, and examine under oath, either orally or in writing, any Appellant or agent, or any other witness. The Commission may permit discovery, entertain and dispose of motions and require written expositions of the case as the circumstances justify. Formal rules of evidence shall not apply; the Commission may accept such evidence as it finds relevant and credible. The Commission may require reasonable substantiation of statements or records tendered, the accuracy or truth of which is in reasonable doubt.

The hearing shall be on the record, and a record of the hearing shall be made by recorder and/or stenographic means and maintained pursuant to the LIBC Records Retention Policy and schedule. The Commission shall, at the Appellant's request and sole expense, make and preserve a complete written record of the proceedings.

Without undue delay, the Commission shall render a written decision in accordance with the law and evidence presented and shall state the basis therefor. If the Commission finds that there was substantial compliance with procedural requirements and that the decision of the Planning Director was supported by substantial evidence in the record and justified by applicable policies, rules, laws, and regulations, it shall affirm the Planning Director's decision. If it finds to the contrary, the Commission may overturn the Planning Director's decision or any part thereof and/or remand the matter to the Director with

directions for further review. All decisions shall be signed by the Chair of the Commission or other authorized Commission Member. A copy of the decision shall be mailed to the Appellant, certified mail, return receipt requested, and shall inform the Appellant of the right to appeal the decision to the Lummi Tribal Court and of the consequences of a failure to appeal. A copy of the decision also shall be served on the Planning Director.

15.13.050 Finality of Commission Actions

Any decision by the Commission on an appeal from a final decision of the Planning Director shall be final. If no appeal is timely made to the Lummi Tribal Court, such decision will be final, binding, and enforceable, and will not be subject to any further appeal to the Commission or to any court.

15.13.060 Appeals from the Commission's Decisions; Appeals to the Lummi Tribal Court; Exhaustion of Administrative Procedure

The Lummi Tribal Court shall have exclusive jurisdiction to hear all appeals from final decisions of the Commission. Except as otherwise provided for in the Code, the procedural rules of that court, as set forth in the Lummi Code of Laws and applicable court rules for the Lummi Tribal Court, shall apply. No final decision of the Planning Director may be appealed to the Lummi Tribal Court unless an appeal therefrom has first been timely taken to and decided by the Commission.

(a) Filing a Notice of Appeal to the Lummi Tribal Court. Within twenty (20) days after receipt of a final decision of the Commission, if the Appellant is dissatisfied with the decision of the Commission, he may file an appeal to the Lummi Tribal Court. The procedure for perfecting an appeal to the Lummi Tribal Court shall be as provided by the rules of that Court.

The party appealing the decision must serve a copy of the Notice of Appeal on any other party and on the Commission. Service shall be made in accordance with the Lummi Nation's Rules of Civil Procedure governing

service of process. The Lummi Nation may intervene in a proceeding for review, and, in its discretion, the Lummi Tribal Court may allow other affected parties to intervene in the proceedings.

Thereafter, the Commission and Planning Director shall certify and transmit to the Clerk of the Court: (a) the administrative record, including all documents, things, transcripts, and other information that formed the basis for the decision or ruling being appealed, or (b) such portions thereof as the Commission, Planning Director, and the parties may stipulate.

(b) Stay. The filing of a notice of appeal to the Lummi Tribal Court shall not operate as a stay of enforcement of the Commission's decision, but the Court may order a stay upon such terms as it considers proper.

(c) De Novo Review Not Permitted. The Lummi Tribal Court shall consider the appeal only upon the same theories and evidence as were asserted before the Commission. All such appeals shall be upon the administrative record presented to the Commission and shall not be *de novo* except as otherwise provided in this Section. The Court shall give due weight to the experience, technical competence, and specialized knowledge of the Planning Director, as well as the discretionary authority conferred upon the Director.

(d) Leave to Present Additional Evidence. If application is made to the Lummi Tribal Court for leave to present additional evidence, and if it is shown to the satisfaction of the Court that the additional evidence is material to the issues in the case, and that there were extraordinary circumstances and good reason for a party's failure to present it in an earlier proceeding, the Court may order that such additional evidence be presented to the Commission upon such conditions as the Court deems proper.

The Commission may modify its findings and decision by reason of such additional evidence and shall file with the Court, to become part of the record, the additional evidence, together with any modified or new findings or decision.

(e) Standard of Review. Upon appeal to the Lummi Tribal Court, the Court shall set aside

a decision of the Commission only if it finds the decision to be: arbitrary, capricious, or an abuse of discretion; not supported by substantial evidence in the record; or otherwise not in accordance with applicable law.

(f) Decisions of the Lummi Tribal Court. The Lummi Tribal Court shall issue a written decision on all appeals, which decision shall be final, unless a timely appeal is filed with the Lummi Nation Court of Appeals. Appeals to the Lummi Nation Court of Appeals shall be filed and served according to the civil rules for appeals in the Lummi Code of Laws and applicable court rules. The decision of the Lummi Tribal Court shall not be stayed pending an appeal to the Lummi Nation Court of Appeals unless a request for stay is made to and approved by the Court of Appeals according to the civil rules for a stay and upon such terms as the Court of Appeals deems proper. The decision of the Court of Appeals on the merits of the appeal shall be final, binding, and enforceable.

15.13.070 Limited Waiver of Sovereign Immunity

The LIBC hereby waives its sovereign immunity from suit and that of the Planning Director and the Planning Commission for the express and sole purpose of allowing review by the Commission of the Planning Director's actions and of allowing review by the Lummi Tribal Court and the Lummi Nation Court of Appeals of the Commission's actions under this Title; provided that any such appeal must be timely and properly filed; and provided further, that such waiver is made only to the extent necessary to subject the Planning Director and the Planning Commission to suit for the sole purpose of declaring and adjudging rights and obligations under this Title and the regulations promulgated hereunder and does not waive immunity with respect to suits for monetary damages. This waiver is strictly limited and specifically does not waive the sovereign immunity from suit of the LIBC, nor does it waive the immunity from suit of the Lummi Nation, or any officer, employee or agent thereof for any purpose other than those enumerated in this section.

15.13.080 Police Enforcement

The Lummi Nation Police Department is hereby expressly authorized and directed to serve upon violators and enforce such cease and desist orders and emergency restraining orders as may from time to time be properly issued by the Planning Director pursuant to LCL §15.13.030. Such orders do not require a judicial decree or order to render them enforceable. The police shall not be civilly liable for enforcing such orders so long as the order is duly signed by the Planning Director.

15.14.040 Repeal of Existing Tribal Land Use Codes

Title 15 of the Lummi Code of Laws in effect at the time of the effective date of this Title, is repealed, except Title 15A, which remains in effect.

Title15Res2022-055

Chapter 15.14 General Provisions

15.14.010 Interpretation

The provisions of this Title are to be interpreted as minimum requirements for the promotion of public health, safety, convenience, order, morals, and general welfare.

15.14.020 Effective Date

This title shall take effect thirty (30) days after the date of its enactment by LIBC Resolution.

15.14.030 Severability

If any section, clause, or provision of this Title, or its application to any person or circumstance, is declared invalid for any reason by a court of competent jurisdiction, the remaining provisions of the Title or application to any other person or circumstance shall still be valid and in effect.

APPENDIX A

Number of owners	Land Use Permit	Conditional Use or Planned Development Permit	Variance or Zone Change	Subdivision
> 20	≥ 51%	≥67%	>75%	BIA Regulations
5-20	≥60%	≥75%	100%	BIA Regulations
≤4	≥75%	100%	100%	BIA Regulations
