

Lummi Reservation Address Atlas

February 2021

Addressed Structure and Road Locator for the Lummi Reservation

2021 Lummi Address Atlas

The 2021 Lummi Address Atlas identifies 2521 addressed locations on the Lummi Reservation bound by Slater Road to the north, Ferndale Road to the east, and The Strait of Georgia and Puget Sound to the west and south. During the summer of 2004, every identifiable address was located with a Global Positioning System (GPS). These GPS data were incorporated into the Lummi Nation's Geographic Information System (GIS) and quality checked using aerial imagery, sewer and water customer databases, and field checks. New addresses assigned by Whatcom County are incorporated into the addressing dataset annually with the latest update February 2021.

User Beware

Because buildings fall into disrepair and because addresses are issued before building construction, some address points may not be associated with a building. Furthermore, there are discrepancies between physical address locations and the Whatcom County addressing grid, and address locations displayed on online maps (e.g., Google Maps, Map Quest). These discrepancies are most noticeable in areas where house numbers for homes are out of sequence with neighboring houses. **This atlas is the best available information for locating roads and addresses on the Lummi Reservation.**
