JOB CODE:

DIVISION: Administration

DEPARTMENT: IT

SUPERVISOR: IT Director

VACANCIES: 1

JOB SUMMARY: Technical Administrative Assistant attends to the IT department's Helpdesk intake and documentation processes. They are responsible for gathering detailed information and generating high-quality tickets for use in a department work queue. They conduct end-user follow up to confirm ticket resolution, satisfaction and completeness. Technical Administrative Assistant is responsible for organizing and tracking technology purchases and assets. Technical Administrative Assistant collects, prepares and routes a variety of IT department documents and forms. They also generate reports from accounting and ticket tracking systems for IT department management. An essential part of their duties includes maintaining and ensuring that departmental spreadsheets and databases are accurate and kept current.

ESSENTIAL JOB DUTIES AND RESPONSIBILITIES include the following, and other related duties as assigned.

1. Attend to incoming telephone calls, e-mail, and in-person requests for assistance or questions from users related to hardware, software, networking, and other computer-related technologies.
2. Create new and update existing work tickets for IT department staff using a ticket tracking and management system.
3. Assist with the initial configuration and basic troubleshooting of end-user mobile devices; including but not limited to tablet and cellular e-mail and web browsing.
4. Identify emerging problem or issue trends, conducts periodic end-user surveys or quality checks to ensure satisfactory ticket resolution and informs IT management when necessary.
5. Assist IT support and operations staff with all aspects of administrative document creation, updating and processing tasks.
6. Maintain, organize, retrieve, distribute and track IT department documents and forms.
7. Ensure effective and accurate processing of access request forms with all departments.
8. Pursue correction of inaccurate or incomplete process documents and forms.
9. Track IT department work orders, purchase orders, capital asset request forms and sensitive item request forms from creation to invoice.
10. Process IT department vendor quotes or orders and assist in the establishment of new technology vendors within the accounting system.
11. Assist Purchasing department with point of sale system and print supply inventory levels.
12. Generate on demand and quarterly, accounting system ledger reports to assist IT management with verifying the timeliness and accuracy of IT budget encumbrances, debts and credits.

13. Generate on demand and quarterly, accounting system financial reports to assist IT management with the reconciliation and maintenance of IT department budgets.
14. Coordinate IT department meetings and travel arrangements.
15. Collect and organize IT department timecards and timesheet.
16. Prepare forms for signature by IT management and route to various departments or entities.
17. Maintain IT department asset tracking and equipment library check-in and out.
18. Generate ticket tracking system statistical reports for service improvement and analysis as needed.
19. Responsible for publishing a bi-annually IT department newsletter from information provided by IT management.
