JOB ANNOUNCEMENT

JOB TITLE: Field Technician III
Lummi Natural Resources (LNR)
Harvest Management (HM)

OPEN: June 25, 2020

EXEMPT: No

SALARY: (6) \$16.50-\$18.48/hr

SHIFT: Day

LOCATION: Tribal Administration

DURATION: Part Time

Project Based: Grant Ends May 2021

CLOSES: July 2, 2020

JOB CODE:

DIVISION: Harvest Management

DEPARTMENT: LNR

SUPERVISOR: Fisheries Harvest Manager

VACANCIES: 1

JOB SUMMARY: Under the supervision of LNR staff biologists and Fisheries Harvest Manager, the Field Technician will be responsible for assisting with invasive European green crab (EGC) trapping following Lummi's current EGC trapping protocols. Field work will entail walking long distances (>1 mile) along the shoreline, carrying field gear and samples (up to 50 lb) for extended periods of time, and sampling specific areas of beach and marshland by setting traps, identifying and measuring EGC and associated by-catch in the sample area. The Field technician will also be responsible for recording data in the field, taking detailed legible notes and entering data into a database. This is a part time position; up to 20 hours per week.

ESSENTIAL JOB DUTIES AND RESPONSIBILITIES include the following, and other related duties as assigned.

1. Conduct field surveys of EGC to estimate relevant abundance of the invasive species on Lummi Reservation tidelands
2. Follow beach and marshland specific methods for conducting EGC trapping
3. Accurately and completely fill in data sheets by taking detailed notes and recording data in the field, including species abundance, EGC measurements, GPS coordinates, and survey specific details
4. Other duties as assigned/Support of other LNR projects

MINIMUM QUALIFICATIONS:

- A Bachelor's degree involving major study in environmental, physical, or one of the natural sciences, environmental planning or other allied field.
- Experience at or above the Natural Resources Technician 1 level or equivalent may be substituted, year for year, for education.
- Experience participating in an environmental research project, preferably monitoring invasive European green crab
- Must possess and maintain valid Washington State Driver's license and meet eligibility requirements for tribal insurance, *preferred*
- Lummi/Native American/Veteran preference policy applies

KNOWLEDGE, ABILITIES AND SKILLS:

- Knowledge of marine invertebrate fauna found regionally, and the ability to identify these to species using a taxonomic key or field guide
- Ability to work flexible field schedule including weekends, sometimes in inclement weather
- Must be physically fit and able to walk long distances (>1 mile) on beaches, sometimes carrying heavy field gear and samples (up to 50 lb) for extended periods of time and be able to sample multiple areas on Reservation tidelands during a short period of time
- Must be a reliable and organized individual with an attention to detail and have the ability to use a handheld GPS and compass
- Ability to work effectively with other EGC team members

REQUIREMENTS:

- Must pass pre-employment and random drug and alcohol test to be eligible for and maintain employment, as required by the LIBC Drug & Alcohol Free Workplace Policy
- Position requires extensive Criminal Background Check

TO APPLY:
